## Lab Goal :
This lab was designed to teach you how to use print and println to write text to the console window.

Lab Description :
Draw a creature/animal using ASCII art.

Sample Output :

```
name        date

This thing can be whatever-u-want-it-to-be!
```

```
         \         /
          \       /
          #############
          ##  -- --  ##
          ##  {@@}    ##
          ##          ##
          ##    <>    ##
          ##    ___   ##
          ##    vv    ##
             #########
          ##    ___   ##
          ##          ##
             #########
             #########
          ##    ___   ##
          ##          ##
             #########
```

HelpFul Hints

\\ draws one backslash on the screen!

\" draws one double quote on the screen!

\' draws one single quote on the screen!
